Eosinophilic Esophagitis Awareness Symposium

Focus of this symposium is to educate school nutritionists and nurses on the disorder Eosinophilic Esophagitis, commonly known as “EE” and the life threatening food allergies associated with this disorder.

Wednesday, Oct 27, 2010
10 a.m., registration begins at 9:30 a.m.
MCGHealth Children’s Medical Center, BT-1810
1446 Harper Street
Augusta, GA 30912

The MCGHealth Children’s Medical Center has its own parking deck immediately in front of the building’s main entrance. Enter off Harper Street.

Topics of discussion:

• What is EE?
• Importance of proper diet
• Consequences of noncompliance to dietary treatment
• The risk of accidental exposure to foods
• Tips to provide a safe environment for food-allergic students, presented by James Graham, Director of MCGHealth Food and Nutrition Services
